Brand Description

Bringing Epic Experiences to Blockchain

Phantasma is a blockchain for content distribution of Smart NFTs, Gaming and dApps that is fast, secure and decentralized. The governance token is SOUL and the energy token is KCAL, which allow interoperability with other blockchains, while maintaining a decentralized governance system.

With its innovative staking mechanism, dual token system and advanced smart non-fungible tokens, it allows the Phantasma blockchain to be used for digital goods and services such as communication, entertainment, NFT marketplace and on-chain storage.

Phantasma's SOUL token can be found and traded on KuCoin, Gate.io, Uniswap and PancakeSwap and KCAL can be traded on Uniswap and PancakeSwap.
